Teacher Approval

___ I am aware of this team's entry into the Climate Change Design Challenge.

___ I understand that students will be required to present in person for the Final Presentations on May 8, 2024.

Teacher Name	Course Name	Email

By submitting this Intent to Participate form and receiving the \$100 prototype materials stipend, I agree that these funds will only be used for purchasing materials, supplies, and components needed to create a physical prototype related to the above team's Climate Change Mitigation/Adaptation project for the Sustain Southern California Challenge. I understand that receipts or documentation of purchased prototype materials may be requested by challenge organizers to verify appropriate use of the stipend.
